
INTERNATIONAL MICROBIOLOGY**CONTENTS****Volume 2 Number 4 • December 1999**

EDITORIAL

- [pdf ▶](#) Year's comments for 1999 205

REVIEW ARTICLES

- [pdf ▶](#) Not plants or animals: a brief history of the origin of Kingdoms Protozoa, Protista and Protoctista 207
Scamardella JM
- [pdf ▶](#) Isolation and typing methods for the epidemiologic investigation of thermotolerant campylobacters 217
Barros-Velázquez J, Jiménez A, Villa TG

RESEARCH ARTICLES

- [pdf ▶](#) Enumeration and isolation of viral particles from oligotrophic marine environments by tangential flow filtration 227
Alonso MC, Rodríguez J, Borrego JJ
- [pdf ▶](#) Light absorption by phototrophic bacteria: effects of scattering, cell concentration and size of the culture vessel 233
Sánchez O, Mas J
- [pdf ▶](#) Identification of synergistic interactions among microorganisms in biofilms by digital image analysis 241
Karthikeyan S, Wolfaardt GM, Korber DR, Caldwell DE
- [pdf ▶](#) Study of lichens with different state of hydration by the combination of low temperature scanning electron and confocal laser scanning microscopies 251
de los Ríos A, Ascaso C, Wierzchos J
- [pdf ▶](#) Aerobic and facultative anaerobic heterotrophic bacteria associated to Mediterranean oysters and seawater 259
Pujalte MJ, Ortigosa M, Macián MC, Garay E
- [pdf ▶](#) Characterization of *Bacillus* strains of marine origin 267
Ivanova EP, Vysotskii MV, Svetashev VI, Nedashkovskaya OL, Gorshkova NM, Mikhailov VV, Yumoto N, Shigeri Y, Taguchi T, Yoshikawa S

COMPLEMENTS

- [pdf ▼](#) PERSPECTIVES: **Gacto M** The bicentennial of a forgotten giant: Lazzaro Spallanzani (1729–1799) p 273 • OPINION: **Shashok K**
The Baltimore affair: a different view p 275 • BOOK REVIEWS p 279
