

INTERNATIONAL MICROBIOLOGY**CONTENTS****Volume 3 Number 1 • March 2000**

EDITORIAL

- [pdf ▶](#) Genetically modified foods: a case of information or misinformation? 1
Ramón D

REVIEW ARTICLES

- [pdf ▶](#) Oxidative stress in bacteria and protein damage by reactive oxygen species 3
Cabiscol E, Tamarit J, Ros J
- [pdf ▶](#) Molecular phylogeny: pitfalls and progress 9
Moreira D, Philippe H
- [pdf ▶](#) Biosorption: a solution to pollution? 17
Vieira RHSF, Volesky B

RESEARCH ARTICLES

- [pdf ▶](#) Microbiology of the stalactites from Grotta dei Cervi, Porto Badisco, Italy 25
Laiz L, Groth I, Schumann P, Zezza F, Felske A, Hermosin B, Saiz-Jimenez C
- [pdf ▶](#) Rapid identification of *Salmonella typhimurium*, *S. enteritidis* and *S. virchow* isolates by Polymerase
Chain Reaction based fingerprinting methods 31
Bennasar A, de Luna G, Cabrer Borge, Lalucat J
- [pdf ▶](#) Rapid extracellular acidification induced by glucose metabolism in non-proliferating cells of *Serratia marcescens* 39
Solé M, Rius N, Lorén JG
- [pdf ▶](#) DNA fluorescent stain accumulates in the Golgi but not in the kinetosomes in amitochondriate protists 45
Dolan MF
- [pdf ▶](#) Identification of *Vibrio* spp. (other than *V. vulnificus*) recovered on CPC agar from marine natural samples. 51
Macián MC, Arias CR, Aznar R, Garay E, Pujalte MJ

COMPLEMENTS
