**INTERNATIONAL MICROBIOLOGY****CONTENTS****Volume 3 Number 2 • June 2000**

---

## EDITORIAL

- [pdf ▶](#) Pathogenic plant–microbe interactions. What we know and how we benefit ..... 69  
**Montesinos E**

## REVIEW ARTICLES

- [pdf ▶](#) Glycopeptide resistance in enterococci ..... 71  
**Méndez-Álvarez S, Pérez-Hernández X, Claverie-Martín F**
- [pdf ▶](#) How bacteria protect themselves against channel-forming colicins ..... 81  
**Alonso G, Vílchez G, Rodríguez Lemoine V**

## RESEARCH ARTICLES

- [pdf ▶](#) Methane production and release from two New England peatlands ..... 89  
**Duval B, Goodwin S**
- [pdf ▶](#) Mineralogical composition and biomass studies of the microbial mats sediments from the Ebro Delta, Spain ..... 97  
**Urmeneta J, Navarrete A**
- [pdf ▶](#) Assessment of microbial community structure changes by amplified ribosomal DNA restriction analysis (ARDRA) ..... 103  
**Gich FB, Amer E, Figueras JB, Abella CA, Balaguer MD, Poch M**
- [pdf ▶](#) Isolation and taxonomic study of a new canthaxanthin-containing bacterium, *Gordonia jacobaea* MV-1 sp. nov. .... 107  
**de Miguel T, Sieiro C, Poza M, Villa TG**
- [pdf ▶](#) Changes in protein synthesis and acid tolerance in *Clostridium perfringens* type A in response to acid shock ..... 113  
**Villarreal L, Heredia NL, García S**
- [pdf ▶](#) Esterases in marine dinoflagellates and resistance to the organophosphate insecticide parathion ..... 117  
**Barbier M, Prevot P, Soyer-Gobillard MO**

## COMPLEMENTS

PERSPECTIVES: [pdf ▲](#) **de Semir V** Scientific journalism: Problems and perspectives p 125 • BOOK REVIEWS p 129
