

## Volume 15, Number 4, December 2012

### EDITORIAL

- Skinner N**  
Year's comments for 2012 153

### RESEARCH REVIEWS

- Garmendia J, Martí-Lliteras P, Moleres J, Puig C, Bengoechea JA**  
Genotypic and phenotypic diversity of the noncapsulated *Haemophilus influenzae*:  
adaptation and pathogenesis in the human airways 159
- Wierzos J, de los Ríos A, Ascaso C**  
Microorganisms in desert rocks: the edge of life on Earth 173

### RESEARCH ARTICLES

- Sheffield CL, Crippen TL, Poole TL, Beier RC**  
Destruction of single-species biofilms of *Escherichia coli* or *Klebsiella pneumoniae*  
subsp. *pneumoniae* by dextranase, lactoferrin, and lysozyme 185
- Berlanga M, Miñana-Galbis D, Domènech O, Guerrero R**  
Enhanced polyhydroxyalkanoates accumulation by *Halomonas* spp. in artificial biofilms  
of alginate beads 191
- Luo P, Jiang H, Wang Y, Su T, Hu C, Ren C, Jiang X**  
Prevalence of mobile genetic elements and transposase genes in *Vibrio alginolyticus*  
from the southern coastal region of China and their role in horizontal gene transfer 201
- Mendoza G, Portillo A, Arias E, Ribas RM, Olmos J**  
New combinations of *cry* genes from *Bacillus thuringiensis* strains isolated from  
northwestern Mexico 211
- 219

### ANNUAL INDEXES
